

The Jefferson EDGE

Economic Profile 2009

Jefferson Parish
Louisiana

JEDCO
Jefferson Parish Economic Development Commission

Lucien Gunter
JEDCO Executive Director

The advantages of doing business in Jefferson Parish are numerous. An educated workforce, excellent healthcare and proximity to several distinguished colleges and universities are just some of the benefits of living, working and doing business in Jefferson Parish. Proximity to the Gulf of Mexico and Mississippi River and to major highways and rail lines give Jefferson Parish a strategic advantage in terms of accessibility into the parish, to the rest of the nation and beyond our borders.

Jefferson Parish continues to lead the state in population and economic viability. Moreover, the parish functions as the region's economic engine, steering its economy and redevelopment. As further evidence of Jefferson's positive business climate, over 7,000 new businesses have been added to the parish's business base since 2006 totaling over 36,000 businesses currently operating within the parish.

To enhance Jefferson's already thriving business climate, JEDCO is currently undertaking major economic development initiatives -- the development of the Churchill Technology & Business Park and the Jefferson EDGE 2020. Located near the Huey P. Long Bridge and the Tournament Players Club golf course on the west bank of Jefferson Parish, the Park's 500 acres will be anchored by the Patrick F. Taylor Science & Technology School, the Technology Incubator, JEDCO's administrative offices and a conference center, and will be able to accommodate a variety of uses. The Jefferson EDGE 2020, the parish's economic development strategic plan, now includes implementation strategies needed to improve the quality of life in Jefferson Parish and to ensure the parish's continued prosperity.

JEDCO plays an active role in furthering the progress of Jefferson Parish's economic climate. Through our business incubator and loan programs, tax incentives and informational services, JEDCO has aided in the success of thousands of businesses. For a company considering relocating to or expanding within Jefferson Parish, JEDCO will develop strategies and an attractive incentive package to help the company thrive in the parish's business climate.

JEDCO invites you to take a look at what Jefferson Parish can offer you and your business, and welcomes and encourages you to call us so that we can assist you in your business endeavor.

History and Overview

Jefferson Parish is located in southeast Louisiana stretching 60 miles between the south shore of Lake Pontchartrain and the shores of the Gulf of Mexico. A product of the Mississippi River's delta system, the area that is now Jefferson Parish resulted from the river's deposit of sediment into the gulf as its course continued to change. The resulting diverse topography consists of natural land ridges, bayous, swamps, lakes, bays and islands.

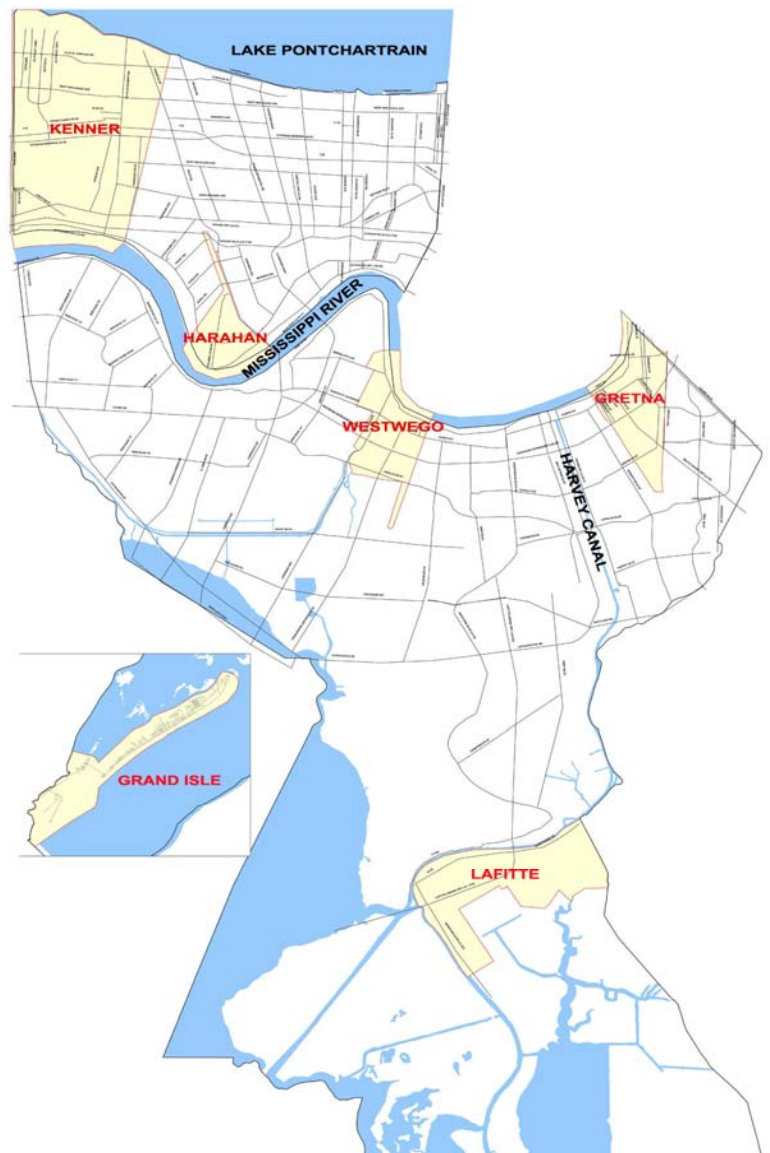

The parish is bounded by Orleans Parish and Plaquemines Parish to the east, the Gulf of Mexico to the south, St. Charles Parish to the west and Lake Pontchartrain (St. Tammany Parish) to the north.

The Mississippi River bisects the parish into two parts that are locally termed the east bank and the west bank.

- The east bank of Jefferson Parish is generally north of the Mississippi River and is composed of the unincorporated areas of Metairie and Jefferson, primarily, and the incorporated cities of Kenner and Harahan.
- The west bank, located south of the Mississippi River, contains the unincorporated areas of Marroero, Harvey, Terrytown, Crown Point, Lafitte and Waggaman, while Gretna, Westwego and Jean Lafitte are incorporated. The Town of Grand Isle located on a barrier island in the Gulf of Mexico forms the parish's southernmost boundary.

Over the years, Jefferson Parish has transitioned from a rural parish comprised of farmland and vast undeveloped tracts, to New Orleans' first suburb from the 1950's to the 1970's, to its current status as an urban business center and the most populous parish in the state. The parish's population is currently estimated at 439,261 persons (ESRI, 2009).

The Parish was established in 1825, and at that time it extended west to east from St. Charles Parish to present-day Felicite Street in New Orleans. However, to accommodate its growing population, Orleans Parish annexed property from Jefferson Parish's eastern side. By 1874, the current boundaries of Jefferson Parish were set.

Motor Freight

The following major roads provide excellent accessibility into and out of Jefferson Parish:

- Interstate 10
- U.S. Highway 90
- U.S. Highway 61 (Airline Drive)
- Louisiana Highway 18 (River Road)
- Louisiana Highway 23
- Louisiana Highway 45

Jefferson Parish is serviced by several major motor freight carriers including, but not limited to, the following:

- SAIA
- FedEx
- UPS
- Roadway
- Southeastern
- DHL (international shipments only)

NOPB-owned Huey P. Long Bridge, connecting the east and west banks of Jefferson Parish, is the longest and highest steel railroad bridge in the United States. The bridge is currently undergoing renovations to add a travel lane as well as inside and outside shoulders to each side of the bridge. The widening project is scheduled for completion in 2013.

U.S. Highway 90 on the west bank of the parish is the planned future corridor of Interstate 49.

Market Access

Air Service

Louis Armstrong New Orleans International Airport

- Ten domestic passenger airlines
- One international flight from New Orleans to Mexico City and connecting to San Pedro Sula
- Three major freight and mail carriers; all domestic passenger airlines also carry freight
- 119 flights daily with 34 destination cities
- Ranked fourth in the J.D. Powers 2008 North American Airport Overall Satisfaction Index Study in the Small Airport Category

Source: Louis Armstrong New Orleans International Airport, May 2009

Waterways

Jefferson Port District

JEDCO is responsible for the economic development of all navigable waterways in Jefferson Parish not exceeding 15 feet in depth (excluding Grand Isle)

- Lake Pontchartrain
- Harvey Canal
 - Located on the west bank in Harvey immediately upriver from the Port of New Orleans
 - Shallow water access via four routes to the Mississippi River and Gulf of Mexico
 - Fronts 2,000 acres of waterfront property
 - An important location for many of the region's oil field services
- Bayou Segnette
 - Construction was recently completed on the \$1 million commercial and recreation harbor located at the northern terminus of Bayou Segnette
- Bayou Barataria

Port of New Orleans

- Located within ten miles east of Jefferson Parish on the Mississippi River
- Diverse general cargo port
- Proximity to the American Midwest via a 14,500 mile inland waterway system
- Served by six Class I railroads, 50 ocean carriers, 16 barge lines, and 75 truck lines
- Foreign Trade Zone
- Facility includes 22 million square-feet of cargo handling area and more than six million square-feet of covered storage area
- More than 6,000 ocean vessels move through New Orleans each year
- Cruise terminal serving two international cruise lines (Carnival and Norwegian) with destinations to the western Caribbean, and two national lines (Majestic America and River Barge Excursions) with destinations throughout the Mississippi and Ohio River systems

The Port of New Orleans is the only deep water port served by all six Class I rail lines, a 132,000 mile network, tying the port community and local industries to every major North American market.

Harvey Canal corridor

Market Access

Waterways (continued)

St. Bernard Port, Harbor and Terminal District

- Located 12 miles east of downtown New Orleans
- Spans a two and a half mile stretch along the Mississippi River
- Diverse general cargo port
- Deep water draft access
- Rail service provided by Norfolk Southern Railroad with connections provided to six Class I railroads
- Two intermodal business parks with warehouse, office and manufacturing space

Port of South Louisiana

- Stretches 54 miles along the Mississippi River, immediately west of Jefferson Parish
- Comprised of facilities in St. Charles, St. James and St. John the Baptist Parishes
- Largest tonnage port district in the western hemisphere (233 million tons in 2008)
- Contains a 335-acre maritime industrial park that provides handling and storage for bulk, breakbulk and containerized cargoes
- Deep draft bulk terminal primarily handles cement, mineral ores and woodchips
- Served by four Class I railroads and major trucking and freight companies
- Foreign Trade Zone

Plaquemines Port

- Located approximately 20 miles south of New Orleans at the mouth of the Mississippi River
- 100 miles of deep draft (45 ft. minimum)
- 14 major anchorages

In 2006, the Port of South Louisiana ranked first, the Port of New Orleans ranked eighth and the Port of Plaquemines ranked thirteenth in the nation in total tonnage according to statistics compiled by the United States Army Corps of Engineers.

Financing, Incentives and Taxes

JEDCO's financing programs are designed to assist Jefferson Parish-based businesses with financing of fixed assets, working capital and inventory. This is accomplished by utilizing the lending resources of the U.S. Small Business Administration (SBA), the Economic Development Administration, the Department of Housing and Urban Development (HUD) and the Environmental Protection Agency (EPA).

Most loan programs work in conjunction with bank financing. Under this structure, financing of an eligible project is divided among JEDCO, a private lender and borrower's equity. These federal loan programs have been established to assist with economic development and have the primary objective of job creation. Loans are made in the range of \$10,000 to \$4 million.

Parish businesses may also be able to take advantage of various state and local tax incentives. It is important to note that the state requires the applicant to file an Advance Notification Form and pay a processing fee prior to submitting an incentive application. JEDCO provides assistance with the application process for each incentive that is applicable to your business.

Financing Tools

Industrial Development Bond (IDB)

- Through state enabling legislation, JEDCO issues tax-exempt and taxable IDBs to finance land acquisition, building construction and the purchase of new equipment

Gulf Opportunity "GO" Zone Bond

- Allows private business owners and corporations to borrow capital at tax-exempt rates to acquire, construct, reconstruct or renovate non-residential real properties in the GO Zone -- Jefferson Parish is located within this zone
- Eligible projects may include, but are not limited to: retail stores, warehouses, manufacturing facilities, industrial parks, office buildings, bank branches, hotels and motels, restaurants, physician office buildings, medical hospitals and clinics
- Bonds must be issued by December 31, 2010

SBA 504 Loan Program

- Provides growing businesses with long-term, fixed-rate financing for major fixed assets, such as land, buildings and heavy equipment
- Typically includes a loan secured with a senior lien from a private sector lender covering up to 50 percent of the project cost, a loan secured with a junior lien from JEDCO (backed by a 100 percent SBA-guaranteed debenture) covering up to 40 percent of the cost, and a contribution of at least 10 percent equity from the business
- Businesses are required to create one job for every \$50,000 of "504" financing
- Typical maximum loan amount is \$1.5 million
- For projects meeting a public policy or economic development objective, such as projects within an SBA-designated HUB Zone, the maximum loan amount is \$2 million and manufacturers may be eligible for up to \$4 million
- Term of loan is ten years for equipment
- Term of loan is 20 years for real estate

JEDCO, a Certified Development Company, has been named a "Preferred Lender" by the U.S. Small Business Administration, enabling JEDCO to approve your SBA 504 loan directly for faster loan closings.

Jefferson Parish maintains an outstanding A+ bond rating as reported by Standard and Poor's, AAA as reported by Fitch Ratings and A1 as reported from Moody's Investors.

Financing, Incentives and Taxes

Financing Tools (continued)

EDA – Revolving Loan Fund (RLF)

- Assists small business expansion projects by leveraging private funds with low-cost, fully amortized term loan facilities
- Eligible uses include working capital, land/building acquisition, and equipment purchases
- Loan amounts range from \$25,000 to \$150,000

HUD Community Development Block Grant – Revolving Loan Fund

- Provides financing to businesses that will create jobs for low-to-moderate income persons as determined by HUD guidelines
- Loans can be used for land/building acquisition, new construction/renovation, equipment purchases, project's professional fees, working capital, and inventory.
- Loan amounts range from \$10,000 to \$150,000

EPA Brownfields Cleanup Revolving Loan Fund

- Provides financial assistance in the form of low-interest loans for the environmental clean-up of designated EPA brownfield sites in Jefferson Parish
- Applicable to properties that have been determined to have an actual release or substantial threat of release of a hazardous substance, pollutant or contaminant that may present an imminent or substantial danger to public health or welfare

Louisiana Revolving Capital Fund (LRCF)

- Supports small businesses and promotes economic development in the community
- Loan amounts range from a minimum of \$25,000 with a maximum determined by project parameter and availability of funds
- Eligible uses include land acquisition, building acquisition, purchase of equipment, working capital and inventory
- Minimum term is five years based on the useful life of the assets to be purchased with proceeds
- Maximum term is 20 years based on the useful life of the assets to be purchased with proceeds
- Rates are to be determined

In 2008, JEDCO's loan programs financed several projects at a total value of \$10,117,018.

Financing, Incentives and Taxes

Tax Credits and Incentives

Enterprise Zone (EZ) Program

- Businesses in Jefferson Parish no longer need to be located in an enterprise zone to qualify
- Provides Louisiana income and corporate franchise tax credits to eligible businesses hiring at least 35 percent of their net new employees from a specified targeted group
- Qualifying businesses are eligible for a one-time tax credit of \$2,500 (\$5,000 for certain aerospace or automobile parts manufacturers) for each certified net new job created
- Current workforce must be increased by 10 percent (minimum of one) within the first 12 months, or a minimum of five new jobs must be created within the first 24 months of project start date
- For a period not exceeding 24 months, businesses are also eligible for a partial rebate of local and state sales/use tax paid on materials, fixtures, furniture, machinery and equipment purchased and delivered during project/construction period for use on the EZ site, or a refundable investment income tax credit equal to 1.5 percent of certain capital expenditures
- Requires submittal of Advance Notification Form to the Louisiana Department of Economic Development
- Additional information is available at the Louisiana Department of Economic Development website at www.louisianaeconomicdevelopment.com

Quality Jobs Program

- Qualifying businesses receive an annual payroll rebate at a rate of up to 6 percent for new direct jobs for up to ten years
- Businesses must create a minimum of five new direct jobs
- Companies with 50 or fewer employees must create \$250,000 in gross annual payroll; for companies with more than 50 employees, an increase of \$500,000 in annual payroll for new jobs within three years is required
- State sales tax rebate on materials purchased for new infrastructure, machinery, and equipment purchased during the construction period and used exclusively on the site and a partial rebate of local sales tax are available or businesses can take advantage of a refundable investment income tax credit equal to 1.5 percent of certain capital expenditures
- Requires submittal of Advance Notification Form to the Louisiana Department of Economic Development
- Additional information is available at the Louisiana Department of Economic Development website at www.louisianaeconomicdevelopment.com

Industrial Property Tax Exemption

- Manufacturing operations are eligible for a local property tax exemption on new investments including improvements to the land, buildings, machinery, equipment, and any other property that is part of the manufacturing process
- Contracts may be granted for five years with an option to renew the exemption for an additional five years
- Requires submittal of Advance Notification Form to the Louisiana Department of Economic Development
- Additional information is available at the Louisiana Department of Economic Development website at www.louisianaeconomicdevelopment.com

Renewal Community

- Jefferson Parish's portion of the Orleans/Jefferson Renewal Community encompasses the area bounded by Earhart Expressway, Monticello Avenue, the Mississippi River and Deckbar Avenue
- Companies locating in the renewal community and hiring additional workers may be eligible for federal wage credits, commercial revitalization tax deductions, capital gains exclusions and bond financing
- Program expires December 31, 2010
- See Appendix for boundaries of Renewal Community
- Additional information is available from your tax consultant or visit www.renewallouisiana.com

Financing, Incentives and Taxes

Tax Credits and Incentives (continued)

Manufacturing Sales Tax Exclusion

- Qualifying manufacturing machinery and equipment (M&E) purchases made in Jefferson Parish are exempt 100 percent from local and state sales and use taxes
- Manufacturers must be certified by the Louisiana Department of Revenue
- Certification must be presented to the Jefferson Parish Sheriff's Office, Bureau of Taxation and Revenue in order to receive a Jefferson Parish Certificate of Exemption for local parish taxes exclusion, which is then presented by the company to its vendors

Restoration Tax Abatement (RTA)

- Commercial property owners and homeowners who expand, restore, improve or develop an existing structure in a qualifying district- Economic Development Districts, Historic Districts, or if the structure is a registered Historic Place
- Grants a five year deferred assessment of the ad valorem property taxes on renovations and improvements
- Contracts may be renewed for an additional five years if approved by local governing authority
- Jefferson Parish has several economic development districts on the east and west bank (see Appendix for a list of the districts and their boundaries)
- Requires submittal of Advance Notification Form to the Louisiana Department of Economic Development
- Additional information is available at the Louisiana Department of Economic Development website at www.louisianaeconomicdevelopment.com

New Markets Tax Credit (federal and state)

- Designed to create investment into urban and rural low-income areas to help finance community development projects, stimulate economic growth and create jobs
- Allows individual and corporate taxpayers to receive credits against federal and state income taxes for making qualified equity investments in Community Development Entities (CDEs).
- Credits provide a taxpayer who invests in a qualified CDE a credit against federal income tax over a seven-year period and a credit against state income tax over three years
- Federal tax credit is equal to 5 percent of the investment for the first three years and 6 percent of the investment for the final four years; state tax credit is equal to 10 percent of the investment for the first two years and 5 percent for the remaining year
- May be used as equity for debt financing
- To determine if your project is in an eligible census tract, go to the Community Development Financial Institutions Fund website at www.cdfifund.gov

Scandinavia Furniture took advantage of the Restoration Tax Abatement program for the expansion of their building on Airline Drive.

Financing, Incentives and Taxes

Tax Credits and Incentives (continued)

Foreign Trade Zone (FTZ)

- Items that are processed in FTZs are not subject to customs tariffs
- Duty payment is deferred on items until they are brought out of the FTZ for sale in the U.S. market
- Merchandise that is shipped to foreign countries from FTZs is exempt from duty payments
- The Port of New Orleans and the South Louisiana Port Commission are FTZ sites, as well as several industrial sites within the metropolitan area

Freeport Law

- Goods and commodities in public or private storage are exempt from property taxes while moving through Louisiana in interstate commerce to a final destination outside the state
- Permits most manufacturers to bring raw materials in the state without having to pay a tax on them until they have been placed in the manufacturing process
- Additional information is available from the parish tax assessor

Inventory Tax Credit Program

- Allows ad valorem taxes levied on business inventories to be credited toward state income and corporate franchise taxes
- Manufacturers, distributors and retailers are eligible to receive a 100 percent credit of local inventory taxes paid

Customized Software Sales Tax Exemption

- Companies purchasing certain customized computer software are exempted from paying Jefferson Parish sales and use tax imposed on retail sales

Mentor-Protégé Tax Credit Program

- Supports established construction companies who foster the development of Louisiana protégé firms
- Must increase protégé's technical and business capabilities, contracting competitiveness, client base and improve financial stability
- Mentors receive refundable Louisiana income or franchise tax credits up to \$50,000 per protégé agreement per year and protégés receive technical assistance from established firm and build new relationships
- Additional information is available at the Louisiana Department of Economic Development website www.louisianaeconomicdevelopment.com

Corporate Jobs Tax Credit

- Any corporation that establishes or expands in Louisiana may qualify for a one-time tax credit ranging from \$100 to \$225 for each new job created
- Tax credits can be used to satisfy state corporate income tax obligations, up to 50 percent of the tax liability
- May be used in lieu of participating in the Industrial Tax Exemption or Enterprise Zone Program

Jefferson Parish businesses seeking Foreign Trade Zone status can apply to the Port of New Orleans.

Businesses conducting biomedical research are just some of the businesses that may qualify for the Research and Development Tax Credit.

Financing, Incentives and Taxes

Tax Credits and Incentives (continued)

Technology Commercialization Tax Credit

- Offers a refundable commercialization tax credit on state income, corporate or franchise tax liability to encourage Louisiana businesses to commercialize research conducted at a regionally accredited college, technical school or university in Louisiana
 - Qualifying companies can claim a refundable 40 percent tax credit of the cost to purchase or lease machinery and equipment and of expenditures for obtaining rights to use technology, including patents, copyrights and licenses as well as payments to Louisiana universities for research agreement or to third party Louisiana research or clinical trial companies
 - Maximum amount of a credit is \$100,000 per year
 - Tax credit is available for five years with an option to renew for an additional five years
 - Credits can be used up to the 21st year after the commercialization occurred
- and**
- Offers an annual refundable credit for five years based on new jobs created by companies that qualify for the commercialization tax credits, nonprofits or government research centers approved by Louisiana Economic Development
 - Must create a minimum of five net new jobs
 - Job credits are based on Louisiana jobs that pay an average minimum of \$50,000 in wages per year, excluding wages to a person who owns 30 percent of the equity in the applicant
 - Job credit is equal to 6 percent of the gross payroll of new direct jobs verified by Louisiana Economic Development and is rebated by the Louisiana Department of Revenue
 - Job credits may be extended for an additional five years under certain conditions
 - Additional information about the commercialization tax credits and job credits is available at the Louisiana Economic Development website at www.louisianaeconomicdevelopment.com

Research and Development (R&D) Tax Credit

- To encourage research and development in Louisiana, taxpayers are offered a refundable tax credit to be applied against state income or corporate franchise taxes. The program expires on December 31, 2013.
- Eligibility:
 - Any taxpayer who employs more than 50 Louisiana residents and claims a federal income tax credit under 26 U.S.C. §41(a) for increasing research activities
 - Any taxpayer who employs up to 50 Louisiana residents and incurs qualified research expenditures in the taxable year, as defined in 26 U.S. C. §41(b)
 - A taxpayer who receives a federal Small Business Innovation Research Grant
- Amount of Credit:
 - Eight percent (8%) of the state's apportioned share of the taxpayer's expenditures for increasing research activities if the taxpayer is an entity employing 100 or more Louisiana residents, or
 - Twenty percent (20%) of the state's apportioned share of the taxpayer's expenditures for increasing research activities if the taxpayer is an entity employing 50 to 99 Louisiana residents, or
 - Forty percent (40%) of the state's apportioned share of the taxpayer's qualified research expenditures in the state if the taxpayer is an entity that employs fewer than 50 Louisiana residents, or
 - Twenty-five percent (25%) of the state's apportioned share of the federal research credit claimed for research expenditures in the state if the taxpayer claims the alternative incremental tax credit on its federal income tax return.
 - Forty percent (40%) of the federal Small Business Innovation Research Grant award received during the tax year
- Approval:
 - Prior to claiming a R&D tax credit on any tax return, a taxpayer must apply for and receive a credit certification from Louisiana Department of Economic Development
 - No Advance Notification Form is required
- Additional information is available at the Louisiana Department of Economic Development website: www.louisianaeconomicdevelopment.com

Financing, Incentives and Taxes

Tax Credits and Incentives (continued)

Business Retention and Modernization Tax Credit Program

- To induce businesses to remain in Louisiana and to modernize existing operations
- To qualify for modernization tax credits an employer must meet the following two requirements
 - Must be a manufacturer and
 - (a) Must increase the efficiency or capacity of its facility by at least 10% and must show that without the investment in modernization the facility would be a high risk for closure in the foreseeable future or
 - (b) Must be an employer with multi-state operations and an established competitive capital project with an approved investment of at least \$5 million
- Modernization does not include the replacing of existing technology with the same or similar technology
- Eligible employers may earn certified tax credits at a rate of 1 percent over a five year period, for a total of 5 percent of the amount of the certified expenditures, subject to the program's cap of \$10 million in tax credits per program year
- A written application to Louisiana Economic Development is required
- For more information please contact the Louisiana Economic Development's Executive Director of the Business Retention and Expansion Group, Tommy Kurtz, via telephone 225-342-5256

Economic Development Loan Opportunity Program (EDLOP)

- EDLOP provides direct loans to companies locating or expanding into Louisiana
- To be eligible, companies must create at least ten new jobs
- Funds can be used to fund construction projects on privately owned property
- Loans are approved by the Louisiana Economic Development Corporation (LEDC) Board and any unpaid balances and interest on EDLOP loans can be repaid through "jobs credits" earned by a company through the creation of new jobs associated with the project
- Loan repayment term shall not exceed seven years
- For more information, please view the Louisiana Economic Department's webpage, via the following link, www.louisianaeconomicdevelopment.com/downloads/EDAP-EDLOP_Rules_Revisions_Emergency_Rule_2009_.pdf

Entertainment Industry Tax Incentives

Motion Picture

- **Production Projects:** Investors in state-certified productions occurring after July 1, 2009, with a total base investment greater than \$300,000 qualify for a fully transferable Louisiana investment tax credit of 30% of the in-state spend
 - Payroll for Louisiana residents employed in connection with a state-certified production is allowed an additional tax credit of 5% of such payroll up to a salary limit of \$1 million for any individual
 - No cap on production incentive
 - Tax credits can also be sold to the state for 85 cents

Sound Recording Investor Tax Credit

- **Production Projects:** Until January 1, 2015 investors in state-certified, sound recording productions qualify for a fully refundable tax credit of twenty-five percent (25%) of the base investment
 - Project must spend at least \$15,000 in Louisiana in a 12-month period to qualify
 - Annual cap of \$3,000,000 for the aggregate of all tax credits certified under this program

Digital Interactive Media Tax Credit

- **Production Projects:** Investors in state-certified productions of digital interactive media products and platforms approved on or after July 1, 2009 qualify for a transferable Louisiana investment tax credit equal to twenty-five percent (25%) of such investment
 - To the extent that the base investment is expended on payroll for Louisiana residents employed in a state-certified production, a digital interactive media company is allowed an additional tax credit of ten percent (10%) of the payroll
 - No annual cap on tax credits

Financing, Incentives and Taxes

Tax Credits and Incentives (continued)

Entertainment Industry Tax Incentives (continued)

Musical and Theatrical Production Income Tax Credit

- **Production Projects:** Investors in state-certified musical or theatrical productions qualify for transferable tax credits according to their total base investment
 - Base Investment Tax Credits
 - 10% of a \$100,001 - \$300,000 investment
 - 20% of a \$300,001 - \$1,000,000 investment
 - 25% of an investment greater than \$1,000,000
 - Tax credits allowed for the costs of transporting performance related property such as crating, packaging and transportation of sets, costumes or other tangible property are based on the date when state-certified costs are incurred:
 - 100% for qualified expenditures incurred until December 31, 2010
 - 50% for qualified expenditures incurred between January 1, 2011 and December 31, 2011
 - 25% for qualified expenditures incurred between January 1, 2012 and December 31, 2012
 - No tax credits are available for transportation expenditures after December 31, 2012
 - Payroll for Louisiana residents employed in connection with a state-certified production is eligible for an additional tax credit of 10% of said payroll up to a salary limit of \$1 million for any individual
 - Payroll for college and vocational technical students in connection with a state-certified production is eligible for an additional 0.10 percent tax credit of such payroll. This tax credit cannot be combined with the Louisiana resident tax credit.
 - No annual cap on production tax credits
- **Infrastructure Projects:** Investors in infrastructure projects directly related to the production or performance of musical or theatrical productions, including equipment, immovable and movable property related thereto, and any facility which supports and is a necessary component of such a facility. Qualified investments shall be determined by Louisiana Economic Development.
 - Amounts and Limitations on Tax Credits
 - 10% of a \$101,000 - \$300,000 investment
 - 20% of a \$301,000 - \$1,000,000 investment
 - 25% of an investment greater than \$1,000,000
 - No more than \$10 million may be granted per state certified infrastructure project
 - No more than \$60 million per year for all state certified infrastructure projects
 - Duration of Tax Credit – tax credits may be granted until January 14, 2014
- Louisiana entertainment industry tax credits are administered by the Office of Entertainment Industry of the Louisiana Department of Economic Development (www.LouisianaEntertainment.gov). For information contact: Louisiana Department of Economic Development, Entertainment Industry Division Director, Sherri McConnell, via telephone (225-342-5403) or e-mail (smconnell@la.gov).

According to a study conducted by Economic Research Associates, a Chicago-based consulting firm, Louisiana is currently one of the top destinations in the United States for film production, ranking third behind California and New York. This recognition is largely driven by the state's package of tax breaks for the film industry.

Financing, Incentives and Taxes

Tax Credits and Incentives (continued)

Workforce Training Assistance

Louisiana FastStart

- Provides project evaluation, workforce solutions, material development, pre-employment identification, evaluation and feedback, course delivery, customized training and core skills training for new or expanding companies
- Program is available at no cost to manufacturing companies, corporate headquarters, warehouse and distribution, research and development or other strategic facilities that commit to creating at least 15 new jobs, or any service-related operation that commits to creating at least 50 new jobs
- For additional information, please visit the Louisiana Economic Development webpage, www.louisianaeconomicdevelopment.com

On-The-Job Training (OJT)

- Reimburses 50 percent of qualified wages during the training period of new or existing employees with occupational skills that are typically required to obtain employment or advance within the company
- For additional information, contact the Career and Business Solutions Center at (504) 227-1283 (Gretna office) or (504) 838-5678 (Metairie office)

Incumbent Worker Training Program

- Can pay most of a company's new eligible training costs, including equipment, teaching materials and instructor time
- Provides customized training for existing employees as well as pre-employment training for non-incumbent workers by an approved training provider
- Employers must have been in business in the state for at least three years and contributing to and in full compliance with the state unemployment insurance tax laws
- Additional information is available at the Louisiana Workforce Commission website, www.laworks.net

Small Business Employee Training Program

- Designed for employers of up to 50 employees
- Employers must have been in business in the state for at least three years and in full compliance with the state unemployment insurance tax laws
- Employees may obtain training from any approved standardized training course or program from an institution, trade association or the manufacturer of a specific piece of equipment
- Additional information is available at the Louisiana Workforce Commission website, www.laworks.net

Career and Business Solutions Center

- Provides job recruitment and applicant screening assistance
- Administers OJT Program
- Houses the largest state database of qualified job seekers; job listings that cannot be filled locally are fed into the database
- Also houses the Louisiana Workforce Commission at both locations, (504) 227-1283 (Gretna office) and (504) 838-5678 (Metairie office)

Job Service

- The unemployment office of the Louisiana Workforce Commission is located on the east bank at 1801 Airline Drive in Metairie and can be reached at (504) 838-5678

Financing, Incentives and Taxes

Taxes

Corporate Franchise Tax

- The rate is \$1.50 per \$1,000 on the first \$300,000 of capital employed in Louisiana, and \$3.00 per \$1,000 after the first \$300,000

Corporate Income Tax

- Corporations will pay tax on net income computed at the rates contained in the table below (the effective rate is somewhat less because federal income taxes are deductible in computing net taxable income)

Percentage	Net Income
4%	First \$25,000
5%	Next \$25,000
6%	Next \$50,000
7%	Next \$100,000
8%	Over \$200,000

Property Taxes/Assessment Ratio

- No state property tax in Louisiana
- Improvements of industrial property assessed at 15 percent of fair market value and land assessed at 10 percent
- Private residences are assessed at 10 percent of fair market value with no property tax assessed on the first \$75,000
- Parish wide average millage for \$100,000 homes in 2008 was 105.02 mills according to the 2008 Jefferson Parish, Louisiana, Popular Report
- For 2008 incorporated mills, please see table below

Location	2008 Parish Mills	2008 City Mills	Total 2008 Mills
City of Gretna	0.06150	0.04398	0.10548
City of Westwego	0.06150	0.02303	0.08453
City of Kenner	0.06341	0.01813	0.08154
City of Harahan	0.06410	0.01581	0.07991
Town of Grande Isle	0.09926	0.01223	0.11149

Sales Tax

Total sales tax is 8.75 percent

- Jefferson Parish has a sales tax rate of 4.75 percent
- Louisiana sales tax is 4 percent
- Please see table below for breakdown

Governing Body	Sales Tax
State	4.0%
Parish	4.75%
Total	8.75%

Property taxes in Louisiana are among the lowest in the nation. In fact, in a 2006 state ranking by the Tax Foundation, Louisiana had the lowest property taxes on owner-occupied housing (Tax Foundation, September 2007).

Workforce

Availability and Cost of Labor

- The Career and Business Solutions Center can connect job seekers with employers. Jefferson Parish and the New Orleans-Metairie-Kenner Metropolitan Statistical Area (MSA) have a large, educated workforce.
- The table below gives the average annual wage of various occupations by Metropolitan Statistical Area. See the Economic Indicators section for statistics on the Civilian Labor Force, Unemployment Rate and Employment by Industry.

Occupation	New Orleans	Atlanta	Birmingham	Dallas	Jackson	Jacksonville
Accountant	\$56,220	\$70,030	\$61,300	\$67,020	\$54,310	\$59,140
Electrical Engineer	\$98,330	\$84,590	\$81,940	\$91,540	\$74,700	\$79,490
Teacher—Elementary	\$44,520	\$52,280	\$45,410	\$47,630	\$41,750	\$44,680
Teacher—Secondary	\$45,360	\$53,950	\$48,070	\$47,460	\$42,300	\$47,610
Registered Nurse	\$64,540	\$61,770	\$58,330	\$63,870	\$56,560	\$59,560

Education and Training Programs

Louisiana FastStart

- Provides project evaluation, workforce solutions, material development, pre-employment identification, evaluation and feedback, course delivery, customized training and core skills training for new or expanding companies
- Program is available at no cost to manufacturing companies, corporate headquarters, warehouse and distribution, research and development or other strategic facilities that commit to creating at least 15 new jobs, or any service-related operation that commits to creating at least 50 new jobs
- For additional information, please visit the Louisiana Economic Development webpage, www.louisianaeconomicdevelopment.com

On-The-Job Training (OJT)

- Reimburses 50 percent of qualified wages during the training of new or existing employees with occupational skills that are typically required to obtain employment or advance within the company
- For additional information, contact the Career and Business Solutions Center at (504) 227-1283 (Gretna office) or (504) 838-5678 (Metairie office)

In January of 2008, Louisiana Technical College and Delgado Community College opened an Advanced Manufacturing Center on the Jefferson LTC Campus. The center is equipped with Integrated Systems Technology, an advanced 'hands-on' teaching method.

Workforce

Education and Training Programs

Incumbent Worker Training Program

- Can pay most of a company's new eligible training costs, including equipment, teaching materials and instructor time
- Provides customized training for existing employees as well as pre-employment training for non-incumbent workers by an approved training provider
- Employers must have been in business in the state for at least three years and contributing to and in full compliance with the state unemployment insurance tax laws
- Additional information is available at the Louisiana Workforce Commission website, www.laworks.net

Small Business Employee Training Program

- Designed for employers of up to 50 employees
- Employers must have been in business in the state for at least three years and in full compliance with the state unemployment insurance tax laws
- Employees may obtain training from any approved standardized training course or program from an institution, trade association or the manufacturer of a specific piece of equipment
- Additional information is available at the Louisiana Workforce Commission website, www.laworks.net

Career and Business Solutions Center

- Provides job recruitment and applicant screening assistance
- Administers OJT
- Houses the largest state database of qualified job seekers; job listings that cannot be filled locally are fed into the database
- The west bank home of Louisiana Workforce Commission can be reached at (504) 227-1283 and the east bank home can be reached at (504) 838-5678

Job Service

- The unemployment office of the Louisiana Workforce Commission has two locations: east bank location at 1801 Airline Drive in Metairie and can be reached at (504) 838-5678, and west bank location at 1900 Lafayette Street in Gretna and can be reached at (504) 227-1283

Louisiana Technical College (LTC) – Jefferson Campus (Metairie) and West Jefferson Campus

- Offers several courses including, but not limited to, Computer Electronics Technology; Culinary Arts and Occupations; Film and Video Production; Pipefitter Fabricator; Practical Nursing; Electrician; and Office Systems Technology.
- LTC campuses have partnered with Delgado Community College to provide students with more opportunities, access and choices

Business Base

Major Cluster Industries in Jefferson Parish

Jefferson Parish's economic base includes a diverse mix of industries with particularly large concentrations of employment in the Mining, Transportation Equipment Manufacturing, Wholesale Trade, Health Care, Construction, and Administrative and Waste Services sectors with strong concentrations in the Arts, Entertainment and Recreation, Accommodation and Food Services, Retail Trade, and Transportation and Warehousing sectors.

- **Mining** – The mining sector comprises establishments that extract naturally occurring mineral solids, liquid minerals and gases; and other activities such as quarrying and well operations. Mining is the largest cluster in Jefferson Parish. The oil/gas cluster in the region is a leading force for business investment and growth. See Page 31 for a chart indicating mining jobs and the Louisiana rig count.
- **Transportation Equipment Manufacturing** – The overwhelming majority of jobs in Jefferson Parish that fall within this cluster are in the ship and boat building subcategory. Jefferson Parish and Greater New Orleans comprise one of the leading shipbuilding regions in the United States. The regional industry has evolved from purely manufacturing work to maintenance services, administrative and information technology services, and engineering and design.
- **Retail Trade and Accommodation and Food Services** – Both the Retail Trade and Accommodation and Food Services clusters are major components of the Jefferson Parish economy. The retail trade sector is the single largest employer in the parish, while accommodation and food services is the third largest employer. The parish is not only a retail destination for citizens within the region with its four regional shopping malls and major department stores such as Dillard's, J.C. Penney, Sears, Macy's and Target, but also for tourists who visit the region throughout the year.
- **Transportation and Warehousing** – This sector includes industries providing transportation of passengers and cargo, warehousing and storage for goods, scenic and sightseeing transportation, and support activities. The Transportation and Warehousing cluster is a robust element of the parish economy, having a cluster strength that is slightly stronger than the national average and being one of the largest employment clusters in Jefferson Parish.
- **Health Care and Social Assistance** – Jefferson Parish currently serves as the health care center of the region; and, in terms of employment, the Health Care and Social Assistance cluster is one of the largest in the parish. With Ochsner Health System having a reputation for being on the forefront of new medical technology, West Jefferson Medical Center having a renowned cardiovascular and open-heart surgical team and facility, and East Jefferson General Hospital, one of seven satellite locations of M.D. Anderson's renowned cancer center in Houston, receiving national recognition for patient care, Jefferson Parish is well known for its excellent health care and medical services.
- **Professional and Technical Services** – The Professional and Technical Services sector, which includes legal services, accounting, bookkeeping, design services, computer services, and consulting services, is a strong component of the Jefferson Parish economy. Though this cluster includes a few of the parish's top employers, it is dominated by many small businesses.

Ship and boat building businesses, such as Northrop Grumman's Avondale Operations, comprise the majority of the jobs within the Transportation Equipment Manufacturing cluster.

Jefferson Parish is the hub of the region's health care industry, and its hospitals have been recognized for their excellent health care and medical services.

Business Base

Developing Clusters

Based on industry growth rates within Jefferson Parish, four developing clusters – Food Manufacturing, Telecommunications, Computer Systems Design, and Motion Picture – have been identified as significant areas of potential growth in Jefferson Parish.

- Food Manufacturing** – Sub-sectors of food processing that are prevalent throughout the region include animal and marine oils; bottled water and beverages; coffee roasting; condiments; confectioneries; meat processing and packing; prepared foods; poultry processing; sauces and spices; snack foods; sugarcane refining; and fresh, frozen and prepared seafood. The Food Manufacturing cluster is strong within Jefferson Parish and includes businesses such as Chef Paul Prudhomme’s Magic Seasoning Blends, Zatarain’s, King Creole, Chisesi Pride, Coca-Cola Enterprises, and Sara Lee.
- Telecommunications** – The Telecommunications cluster includes manufacturers of network, switching, and transmission equipment, telephone and facsimile machines, fiber optic materials and cable, wireless communications equipment, and satellite communications systems. Jefferson Parish has experienced significant growth in the broadcasting and telecommunications portion of this cluster, which includes radio and television broadcasting, cable and satellite networks and wireless communications. Cox Cable and AT&T have significant investment in Jefferson Parish.
- Computer Systems Design** – This cluster includes custom computer programming services, computer systems design services and computer facilities management services. Jefferson Parish and the State of Louisiana have recognized the importance of this cluster by providing the Customized Software Tax Exemption. JEDCO is also moving forward with the development of the Churchill Technology & Business Park that is envisioned as a catalyst for even further development of this cluster.
- Motion Picture and Digital Interactive Media** – Louisiana is currently one of the top three destinations in the United States for film production, largely due to the state’s package of tax breaks for the film industry. The New Orleans region, in particular, has become an attractive place for film production due to its unique landscape and culture, and its proximity to either coast. Jefferson Parish’s Elmwood Business Park is a hub of industry activity, being home to the Robert E. Nims Center as well as supporting businesses such as Panavision’s film equipment rental, Axium, Available Lighting, Continental Film & Digital Labs Gulfstar Rental Solutions and newly established Cineworks.

“Jefferson Parish’s business climate is the best.” When it comes to the New Orleans metro area, Jefferson Parish has the best climate for businesses, according to a poll conducted by CityBusiness in 2008.

A hub of the motion picture and digital media industry, Elmwood Business Park is home to the Robert E. Nims Center and support businesses.

Business Base

Top 50 Employers of Jefferson Parish

Jefferson Parish is the economic engine of the ten-parish area known as the Greater New Orleans region. With an estimated 2009 population of 439,261 persons, Jefferson Parish is the most populous parish in the state of Louisiana. Currently, over 36,000 registered businesses are operating in Jefferson Parish. Listed below are the top employers located and/or headquartered in Jefferson Parish, ranked by number of employees, as reported by management or personnel directors within each organization. JEDCO applauds the efforts of these companies and encourages their continued progress. Other Jefferson Parish top employers who would like to be included in the table below are encouraged to contact JEDCO via telephone (504-833-1881).

Laitram Corporation, one of Jefferson Parish's top employers, holds the patent for a shrimp peeling machine that revolutionized the shrimp processing industry, modular plastic conveyor belting, a digital magnetic compass and an industrial safety stair. Intralox, L.L.C., Laitram's largest division, and Laitram Machine Shop are located in Jefferson Parish's Elmwood Business Park.

Business Base

Top Private Companies

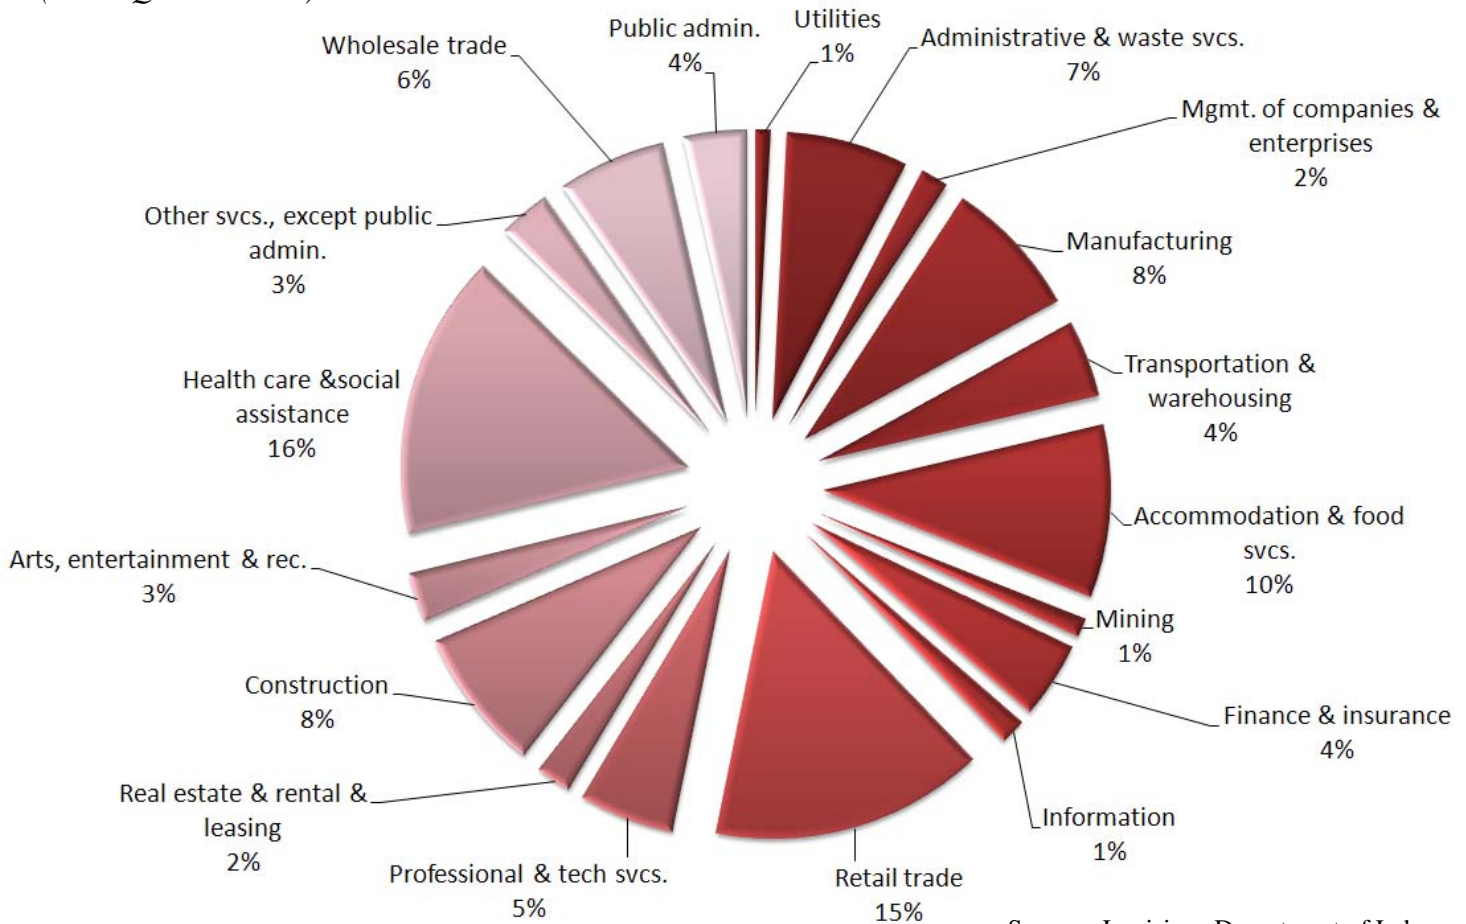

The *New Orleans CityBusiness* magazine publishes the list of Top 100 Private Companies in the metropolitan area annually based on total revenue as reported by area businesses. Each year for the last five years, Jefferson Parish companies have comprised on average 43 percent of the top 100 companies. For 2009, 43 of the top 100 companies are located within Jefferson Parish and presented in the table below. It is important to note that the compilation of the *CityBusiness* list is dependent upon the submittal of revenue figures from local companies. Since some companies do not report, it is possible that the list is not all inclusive. However, companies that contacted JEDCO directly with applicable information and asked to be included in the table are also presented below. Other top private companies wishing to be included in the table below should contact JEDCO via telephone (504-833-1881).

Business Name	2008 Revenue (in millions)	Description of Operation
Ochsner Health System	\$1,451	Medical

Crime Prevention

Unincorporated Jefferson

Jefferson Parish Sheriff's Office is charged with crime prevention and maintaining order in the unincorporated areas of Jefferson Parish, and has created several, successful strategies to reduce crime.

- The Jefferson Parish Crime Prevention and Reduction Task Force represented by law enforcement, code enforcement, environmental departments and the Department of Health and Hospitals, works with the Environmental Court to address issues associated with blighted areas.
- The Street Crimes Unit composed of 20 officers is assigned to targeted areas of the parish.

Metairie, Louisiana was named as one of the top 100 places to live in 2009 by Relocate America, a relocation website. The city was chosen from among 1,800 nominations for its growth, environmental highlights, educational and employment opportunities, low crime rates, numerous recreational activities and housing options.

Ochsner Health Systems has been named in the U.S. News & World Report Best Hospitals and is nationally recognized for its technology-driven ER.

East Jefferson General Hospital is one of seven satellite locations of M.D. Anderson, renowned cancer center in Houston. As an affiliate, EJGH has access to all of M.D. Anderson's evidence-based treatments, research and expertise.

Quality of Life

Crime Prevention (continued)

City of Gretna

- Neighborhood safety is a primary concern of the Gretna Police Department. An online patrol request is available for residents and business owners to request a police patrol in the neighborhood anytime in the day or night.
- The Emergency Medical Service Division of the Gretna Police Department consists of nine officers, whose qualifications range from basic Emergency Medical Technician to the Paramedic level who are also trained police officers, giving the EMS crew an advantage over private ambulance services.

City of Westwego

- The Westwego Police Department has a fleet of modern patrol vehicles and fully-trained, post-certified officers.

Town of Grand Isle

- The Grand Isle Police Department is charged with preventing crime and maintaining order in the Town of Grand Isle.

Town of Jean Lafitte

- The Jean Lafitte Police Department is charged with preventing crime and maintaining order in the Town of Jean Lafitte.

City of Kenner

- The Kenner Police Department's Community Relations Division offers several innovative programs that are designed to enhance awareness, crime prevention, and goodwill throughout the community.
- Some programs include: Rape Aggression Defense Classes, Citizen Police Academy, Community Police Corps, Seniors' Programs, Neighborhood Crime Watch, and Businesses Against Crime.

City of Harahan

- The Harahan Police Department provides services for the community of Harahan such as providing officers to patrol in neighborhoods on foot or on bicycle, and scheduling patrol officers to check on residences or business while home owners or business owners are away from for an extended period of time.
- Major crime has been down consistently for the last three years in the City of Harahan.

The Jefferson Parish Sheriff's Office has been working closely with the Parish's Inspection and Code Enforcement Department to coordinate their efforts to tackle blighted housing within the parish. The initiative has been successful as evidenced by the acquisition of dilapidated multi-family properties by the parish which will be replaced by a recreation facility.

The Kenner Police Department and the Harahan Police Department offer a Drug Abuse Resistance Education, or D.A.R.E. Program, to students in elementary and middle schools. The curriculum teaches pupils to resist drugs and violence by focusing on the development of self-esteem, fostering communication, and encouraging social bonding with family, school and the community.

Quality of Life

Convention Centers

Alario Center

- Located on the west bank of Jefferson Parish in Westwego by Bayou Segnette State Park
- Contains 30,240 square-feet of column-free, hardwood-maple floor space; 2,400 theater-type seats; and three meeting rooms totaling 4,675 square-feet
- Construction was recently completed on a new hall, which adds 20,000 square-feet of exhibit space and allows up to six basketball courts or up to ten volleyball courts
- Hosts local events such as trade shows, theatrical performances, concerts, graduations, weddings and fund-raisers as well as regional, national and international sporting events, and serves as the training facility for the NBA's New Orleans Hornets
- A festival park with an amphitheater is planned for the Alario Center festival grounds, which will host music festivals and sporting events
- The amphitheater will have a seating capacity of 3,000 to 5,000 people, dressing rooms, meeting rooms, concessions, restrooms, and office space for event promoters – amenities to host high-profile artists
- The festival park will contain fixed vendor booths with amenities to host outdoor festivals

Pontchartrain Center

- Located on the lakefront in Kenner on the east bank of Jefferson Parish
- Showcases 46,080 square-feet of column-free exhibit/assembly space; 14,681 square-feet of multi-use meeting rooms; a ceiling height of up to 35 feet; and accommodates over-sized mobile equipment with roll-up doors
- Hosts a variety of events from concerts and Mardi Gras festivities to wrestling matches and cultural events

Museums and the Arts

Jefferson Parish Performing Arts Society

- Promotes and facilitates opportunities for cultural enrichment through performing arts entertainment and arts education at two theaters, the Jefferson Parish Performing Arts Center and the Westwego Performing Arts Theater
- Construction of a the Jefferson Parish Performing Arts center is underway on LaSalle Tract near Zephyr Field

The festival grounds of the Alario Center, future site of a festival park and amphitheater, are ideal for music festivals or outdoor sporting events, and have hosted events such as the Mardi Gras Paintball Open, and Country on Whiskey Bayou featuring Grammy Award winner, John Michael Montgomery, and multi-platinum recording artist, Tracy Lawrence.

Rendering of new Jefferson Parish Performing Arts Center

Museums and the Arts (continued)

University of New Orleans Nims Center Film Studio

- Provides a 100,000 square-foot, air conditioned production facility with 35 production offices, three stages, HD post-production suites, ADR suite, HD screening rooms, audio mix and finishing suite, production offices, hair and make up, and motion capture studio
- Expansion is planned that will include a new 28,000 square-foot soundstage for feature films, an 8,000 square-foot soundstage dedicated to the production of television commercials and music videos, and 9,500 square-feet of production office space

Gretna Historical Society Museum Complex

- Consists of three 19th Century Creole Cottages, Blacksmith Shop, and 1859 Fire Station (Louisiana Fire Museum), and Depot-Caboose located in Gretna National Register Historic District

Westwego Historical Society and Museum

- Located in the century-old Fisherman's Exchange Building and features an early 20th century hardware store, upstairs living quarters with antique furniture, an outhouse and wooden cistern

Rivertown exhibits and art

- Located along the Mississippi River in Kenner, Rivertown offers educational and cultural exhibits such as the Mardi Gras Museum, Louisiana Toy Train Museum, Saints Hall of Fame, Science Complex, Kenner Planetarium & MegaDome Cinema, Fine Art Gallery and Cannes Brulee Native American Village; and performing arts productions held at the Rivertown Repertory Theatre

Sports and Recreation

Zephyr Field

- Home of the New Orleans Zephyrs baseball team, the Florida Marlins Triple A affiliate, Zephyr Field is located on Airline Drive in Metairie and seats nearly 11,000 fans

Bayou Segnette Sport Complex (Alario Center)

- The complex consists of the main arena of the Alario Center which contains NBA-sized hardwood floor with seating for 2,200 patrons, and a baseball field adjacent to the Alario Center with grandstand seating capacity for 650 fans or up to 1,000 with bleachers

Saints Practice Field

- State-of-the art practice facility for the New Orleans Saints football team located on Airline Drive in Metairie adjacent to Zephyr Field

The Nims Center has developed a Louisiana StudioPlex Infrastructure Initiative plan with improvements that will double the production capacity of feature films that will require the use of a soundstage. Upon completion, "the Louisiana StudioPlex will support local high-definition post-production activity and simultaneously handle multiple feature films, TV-movies, spot television commercials, music videos and motion capture sessions for animated productions and video games" (Jefferson Parish News Release, April 27, 2005, quoting Roger Benischek, Nims Center Director).

Zephyr Field

Quality of Life

Sports and Recreation (continued)

Tournament Players Club

- Located in Avondale, the only PGA TOUR facility in the state and home to the Zurich Classic of New Orleans
